Fly a Fighter Jet Canada - FAQ

Who can fly? Pilots and non-pilots who meet basic health and physical requirements, sign a release of liability and pass a pre-flight safety test. We strongly recommend you check with your doctor before flying.

Where can I fly? Our flight programs are based in Ottawa, Ontario. Flights can be arranged in Toronto and Montreal for an additional cost.

Are there height and weight restrictions? Yes. In general, you can't be taller than 6'3", or heavier than 250 lbs. You must also fit comfortably into the L-29 cockpit.

What should I wear for my flight? We recommend comfortable clothes, appropriate for the weather. Most of our clients wear jeans or casual pants and a t-shirt. For safety reasons, you must wear sturdy, flat-soled shoes or boots, which will stay securely on your feet. (Athletic shoes are fine, but black boots look more "Top Gun" in photos.) If you show up in sandals or high heels, you will not be permitted to fly. If you have any questions about what is appropriate, please call us at 1-800-644-7382 or 1-941-346-2603.

Are gift certificates available?

Yes! Purchase online or by calling 1-800-644-7382 or 1-941-346-2603.

The Aero Vodochody L-29 Delfin – A Soviet Cold War Fighter Pilot Training Aircraft & Combat Tested Ground Attack Aircraft

Fly the incredible Czech-made jet trainer that “gave birth” to the popular L-39 Albatros. L-29 was the Eastern Bloc’s primary jet trainer in the 1960’s and saw duty as a combat fighter elsewhere. The L-29 was involved in active combat in the Nigerian Civil War in the late 60’s and was used by the Egyptian Air Force to attack Israeli tanks in the Yom Kippur War of 1973. Today, the strong and agile L-29 is a favorite of private pilots, air show performers and air racers.

**Fly the Czech Republic’s First
Jet Fighter / Bomber / Trainer.**

L-29 Delfin flights are provided by ACM Warbirds, a not for profit organization authorized to provide flights and training under Canada’s Warbird Exemption.
