

TOP GUN GOTTABE

MIGS OVER MOSCOW

WINGS OVER CAPE TOWN

SPACE ADVENTURES

**INCREDIBLE
ADVENTURES**

CLIMB INSIDE the cockpit of a premier Russian fighter for the adventure of your life! Incredible Adventures takes you inside the gates of the formerly top-secret Zhukovsky Air Base, just an hour outside Moscow. After security clearance, you'll undergo a pre-flight medical check and be fitted for your flight suit, g-suit and helmet. You'll train in the ejection seat simulator, and meet your guide to the skies, an English-speaking test pilot from the Gromov Flight Research Institute. Together, you'll design the

FLIGHT OF YOUR DREAMS.

Choose to break the sound barrier, climb to the edge of space, roll, loop or fire up the afterburners! You don't have to be a pilot to fly a legend. All that's required is reasonable health and a spirit of adventure.

FLY THE LEGEND

MiG-29 UB "Fulcrum"

MiG-21 "Fishbed"

Su-30 "Flanker"

MiG-23 "Flogger"

L-39 "Albatross"

MiG-25 "Foxbat"

MIGS OVER MOSCOW

Select from one of the standard packages listed, or create your own customized flying adventure. Our standard programs include six days and five nights at your choice of the Intourist or Metropol Hotel, continental breakfasts, airport assistance, basic ground transportation, security clearance, pre-flight medical check and travel visa assistance. Also included are a guided visit to Ismailova Market and a tour of either Moscow or the world-famous Monino Air Museum. Custom programs allow you to make your own hotel arrangements, add flights, bring a guest, extend your stay in Moscow and more.

THE PROGRAMS

THE RIGHT STUFF

Two L-39 flights and one supersonic flight in the MiG or Sukhoi of your choice.

THE RED STAR ADVENTURE

One L-39 flight, one MiG-21 flight, one MiG-29 flight and one MiG-25 flight. Includes custom-made flight suit.

THE TOP GUN

Two L-39 flights and one flight each in the MiG-29, MiG-25 and Su-30. Includes custom-made flight suit.

THE PLANES

MIG-29 "FULCRUM"

A twin-engine jet capable of speeds in excess of Mach 2.3. Similar in size and layout to the US F-18 Hornet.

SU-30 "FLANKER"

This is the plane that invented the legendary Cobra maneuver. The Su-30 is much larger and heavier than the MiG-29 and features a fly-by-wire system.

THE L-39 "ALBATROSS"

This subsonic aerobatic trainer is perfect for practicing the same incredible maneuvers you'll perform in the MiG or Sukhoi.

MIG-25 "FOXBAT"

This plane can take you to the edge of space. It's capable of Mach 3.2 speed and rising to 80,000 feet...where the sky is black above and blue below.

MIG-23 "FLOGGER"

Single-engine fighter built as a variable-geometry successor to the MiG-21. It has a high altitude speed of Mach 2.3.

MIG-21 "FISHBED"

Still used by more than 30 air forces worldwide, this single-engine fighter was used in Vietnam and the Gulf War. It's capable of Mach 2.

English Electric Lightning

Buccaneer

Hawker Hunter

CHOOSE YOUR MISSION

WINGS OVER CAPE TOWN

Select from one of our recommended packages below, or customize your Cape Town adventure by adding tours or a photo safari. Standard programs include airport transfers, luxury hotel accommodations and a special welcome dinner with staff. Also included is a guided tour of the Cape Peninsula which takes you to Boulder Beach to see penguins, up Chapman's Peak to see baboons, to famous gardens and for lunch overlooking two oceans. Customize your program by adding a safari in Mala Mala, a visit to the winelands, crayfishing, scuba diving, paragliding and more.

THE PROGRAMS

BUCCANEER ADVENTURE

Six days, five nights, two Hawker flights and one Buccaneer flight.

AN ELECTRIC WEEK

Six days, five nights, two Hawker flights and one Lightning flight.

A CLASSIC WEEK

Six days, five nights, one Hawker flight, one Buccaneer flight and one Lightning flight.

A TASTE OF FUN

Five days, four nights and two Hawker flights.

THE PLANES

ELECTRIC LIGHTNING

This twin-engine, all weather interceptor was designed to go very high and very fast. Capable of Mach 2, the Lightning climbs 50,000 feet per minute and features side-by-side seating. It holds some of the world's climb to altitude records.

BUCCANEER

Weighing in at 55,000 pounds, the Buccaneer is a low-level, strike attack aircraft designed

to fly very low and very fast. Powered by two Rolls Royce engines, it features tandem seating and has a top speed of Mach .98.

HAWKER HUNTER

This single-engine advanced trainer is highly maneuverable and capable of Mach .92 at sea level. At altitudes of 50 to 20,000 feet, you'll perform loops, rolls, barrel rolls, inverted flight maneuvers and more.

STRAP YOURSELF into a Mach 2 English Electric Lightning and climb 60,000 feet closer to heaven in just over a minute. Scream out over the Atlantic at 650 mph in a Buccaneer. Take a g-pulling aerobatic flight in a Hawker Hunter. See one of the world's most beautiful cities from the cockpit of a jet fighter.

SIMULATE A VARIETY OF WAR-TIME MISSIONS in three of Britain's best. Embark on a high-altitude intercept in the Lightning, a low level bomb drop in the Buccaneer, or an aerobatic sortie in the Hunter. Flights depart from a state-of-the-art facility at Cape Town International Airport. Cape Town, South Africa has it all: beaches, mountains, gardens, animals and now, the world's only flying Lightning and Bucc!

SPACE ADVENTURES

INCREDIBLE SPACE ADVENTURES

ZERO-GRAVITY

A limited number of flights in the Russian Space Program's Illyushin-76 MDK zero-gravity airplane are available. Be prepared to fly and float about the cabin as your instructors help you perform floating maneuvers including rolls, spins and somersaults.

COSMONAUT TRAINING

Spend a full day in Star City at the Yuri Gagarin Cosmonaut Training Center using the same simulators used by cosmonauts to prepare for space travel. Standard package includes the MIR Simulator, Soyuz-TM Simulator, Navigation Simulator, Vestibular Training and a detailed tour of Hydrolab and Centrifuge. Tours and training sessions at Star City are

available separately or in conjunction with any Incredible Adventures program.

HYDROLAB TRAINING

Suit up in an Orlan Space suit for a work session in the same Hydrolab underwater facility used to prepare cosmonauts for space walks. Open to certified divers only.

EDGE OF SPACE

Climb to the edge of space in the MiG-25 "Foxbat". You'll rocket at more than 2.5 times the speed of sound to an altitude or more than 75,000 feet high. There, you'll confirm the earth is round and see a sky that's black above and blue below.

VOYAGE INTO SPACE

Incredible Adventures invites you to take part in the first commercial flights to the edge of the universe in a vehicle designed expressly for space tourism. Twice-weekly departures for space are scheduled to begin in 2002.

You will see the spectacular glow of the Earth's curvature and experience weightlessness as you travel to the ultimate destination: astronaut altitude, 100 kilometers above sea level.

The space voyage program includes space training, final countdown preparations, the space flight and a gala dinner where you will be awarded your astronaut wings and a space traveler certificate. Call for complete details.

LIFE IS EITHER AN INCREDIBLE ADVENTURE OR NOTHING AT ALL
