### What's That?

#### A Glossary for Those Who Don't Speak "Military"

**Carbine:** An assault rifle. The M-4 is a "baby M-16"

**CQB:** Stands for Close Quarter Battle. Tactics include room clearing and assaulting a stronghold.

**Simulated Ammo:** Like the simulated ammunition used by the military and law enforcement agencies for training exercises. It's similar to paintball but allows you to use real weapons.

**MRE:** Short for Meal Ready to Eat. (or Meal Rejected by Everyone) Pre-packaged meals issued to combat troops. Don't worry. We'll only make you eat one.

**Fast rope:** One way to get from a helicopter to the ground without a parachute. Like descending a fireman's pole only you use a rope.

**AAR:** After Action Report. A mission debriefing.

## Questions & Answers

**Do I have to be in top physical shape for this adventure?** No. However, unless you are somewhat physically active on a regular basis, this adventure probably isn't for you. You will spend long hours on your feet fighting off the enemy. For some training exercises, you will be required to wear body armor that weighs 25 pounds.

**What sort of weapons will we use?** You will train with US Army issue weapons, including Berretas® and M4s. These are the same weapons issued to US Special Forces.

**Does it hurt to get shot?** Oh yeah! It's sort of like getting stung by 20 wasps all at the same time. We'll provide you with protective gear but here's some advice...don't get shot!

**Can I get hurt doing this?** Yes. You will be required to sign a release of liability. That said, safety is our number one priority at all times. **WARNING:** You'll likely leave our training camp with enough scrapes and bruises to convince your wife or friends you were on a real secret mission. But, that's part of the fun!

**Where do we stay?** Lodging is not part of this package. You will be required to make your own reservation for 4 nights at a Little Rock hotel designated by Incredible Adventures. We will provide transportation to and from the hotel and the training facility. Estimated rates are \$125 or less per night. The hotel offers airport shuttle service and is within walking distance of restaurants and shops. A rental car is not necessary unless desired.

**What about meals?** We provide a light lunch at the facility on training days. Other meals are at your own expense. (We might give you an MRE the one night you'll train late, but we're not going to call that a meal.)

**Do I need special clothes for this?** You will need a pair of lightweight hiking shoes or boots that provide ankle coverage. Other than that, keep in mind you'll get dirty and will train in all sorts of weather conditions.

## Primary Training Cadre
