

TEXAS TANK ADVENTURE

Sherman, Texas March 18-20, 2005 / April 15-17, 2005

JOIN YOUR PLATOON ON THE BATTLEFIELD

Friday

Arrive in Dallas. Met at airport and transported to your barracks in Sherman. (OK...so it's really a hotel.) Evening free.

Saturday

6:30-8:00 Breakfast
8:00 Convoy arrives to transport you to the Armory.
8:15-9:15 Registration, gear distribution and clothing change. (You'll be issued your BDUs.)
9:15-9:30 Transport to Field Command HQ by transport.
9:30-11:30 Assigned to teams. Safety briefing and instructions for using minesweeping equipment, GPS and communications equipment. Driving instruction: includes steering, braking, backing in base and field, moving in close proximity, approaching and transitioning creeks, gear shifting and acceleration. (Yes! You will be driving an armored vehicle.) Commence first exercise.
11:30-12:30 Lunch catered at Field Command.
12:30-13:15 Reconnaissance and Intelligence Report.
13:15-16:00 Mission Deployment and Order Distribution. More incredible missions follow.
19:00-21:00 Debriefing and return to platoon quarters. Troop victory party.

Sunday

06:30-? Breakfast in hotel followed by transfer to airport for departure.

MISSION DETAILS

- Program includes full day tank driving adventure at Tactical Tanks, two nights at the Sherman LaQuinta, celebration dinner and transfers to and from Dallas Airport. Air travel to Dallas is not included. Cost per person: \$2750 US

SAMPLE PLATOON ORDERS

U.S. Troops encountered enemy spy with classified documents identifying suspected "secret weapon" as new hybrid Agm-65 Maverick Missile recently built by a U.S. Company and accepted by the U.S Army. Missile was lost in transit to testing grounds by attack of unknown faction in Southern Germany.

Central Command orders you to the following mission w/ immediate deployment. Using and interpreting the provided map - transition to the listed coordinate. Secure missile or warhead, load on armored vehicle and proceed to mandatory 15-minute stand down area till artillery crews reload ordinance bunkers for further diversionary barrage.

Deploy to last known location of AGM-65 via:

N33deg 41min 356sec by W96deg 38min 198sec

Coordinate is:

N33deg 41min 395sec by W96deg 38min 227sec

Commence to Stand down area via:

N33deg 41min 347sec by W96deg 37min 991sec

Stand down area coordinate is:

N33deg 40min 915sec by W96deg 38min 628sec
