# Incredible Aircraft – Incredible Location

Flights Take Off from Armidale, Australia's Highest City

## L-39 "Albatros"

The L-39 is a high-performance, Czech-made, single-engine jet trainer, flown by more than 30 air forces worldwide. Generations of MiG fighter pilots have trained for aerial combat in the L-39.

## T-6 "Texan"

The World War II trainer is one of the world's most popular warbirds. You'll be able to experience inverted flight and more in this classic aircraft.

## Boeing "Stearman" Biplane

The Stearman was used before and during World War II to prepare pilots for combat. The open cockpit transports passengers back in time.

## Bell Iroquois UH-1H "Huey" Helicopter (limited flight availability)

The Huey is best known for its role in the Viet Nam war.

Note: Typical aircraft flight time approximately 45 minutes. Pricing based on current exchange rate and subject to change.

# Armidale, New South Wales, Australia

## Where is Armidale?

Armidale is a city of about 23,000 people, in the Northern Tablelands of New South Wales, located midway between Brisbane and Sydney. You can fly into Armidale via Sydney, take a train, or make the 6 hour drive from Sydney by car.

**What makes Armidale special?** Armidale is located in Australia's New England Gorge Country. There are four national parks in the region that are part of the Gondwana Rainforests of Australia World Heritage Area. You'll fly incredible aircraft over spectacular hills, gorges, rivers and waterfalls. After flying, explore wineries, galleries and more.

# Fly an Albatros and More Over Australia

800-644-7382 / 941-346-2603
